FOR HOMES WITH CITY WATER

5,000 Gallon Undercounter Bathroom Sink Filter

Guidelines

- Estimated Life Expectancy:** 5,000 gallons or up to 1 year
Warranty: 1 year parts and labor
Maximum Temperature: 120F
Maximum Pressure: 125psi

Inventory

Check to make sure you have all the correct components

1. One Clearbrook 5K Water Filter
2. One Inlet DC Hose
3. One Outlet DC Hose with 3/8" Compression Union
4. One Clip with two Screws

Installation Instructions

1. Write the date of installation on the filter in permanent marker for future reference.
2. Under the sink, turn the cold water supply valve to the "off" position.
3. Disconnect the existing fitting at cold water supply valve that leads to faucet (not at the faucet).
4. Connect the **Inlet Hose** to the cold water supply valve.
5. Connect the **Outlet Hose** (the swivel end with brass fitting) to the existing hose that leads to the faucet.
6. Secure the bracket in a convenient location beneath the sink
7. Snap the **5K Sink Filter** firmly into the bracket.
8. Turn the cold water supply valve back to the "on" position.

Activation

1. Turn on the cold water at the faucet. After a brief moment water will flow from the filter. **DO NOT DRINK THIS WATER.** It may contain carbon 'fines'.
2. Allow the water to flow for 3 minutes or until the water runs clear. **NOTE:** During initial use, you may notice cloudy water. This cloudiness is air bubbles caused by air trapped within the filter. This is not harmful to drink, and it will diminish within a week.
3. Turn the water off at the faucet and check all connections for leaks. If you find a leak, you may need to tighten the fittings.
4. If no leaks are present, your system is now ready for use. Drink Fearlessly, and enjoy your clean, safe, great-tasting water!

Additional Information

- This filter should be removed and discarded not later than 1 year from date of installation.
- This filter should be used in conjunction with cold water only.
- It is a violation of federal law to use this product in a manner inconsistent with its labeling.
