

CLEARBROOK

Survival Water Bottle

Portable water filtration for any situation

Drink Fearlessly!

The 22oz Clearbrook *Survival* water bottle comes with a Nalgene Bottle and a Clearbrook *Survival* Filter capable of 99.9% reduction in all 3 areas of contamination, plus bacteria and cysts:

Toxic Chemicals: Volatile Organic Compounds (VOC's), PCBs, Trihalomethanes, Synthetic Organic Compounds (SOC's), Detergents, Pesticides, DDT, Asbestos and others.

Heavy Metals: Aluminum, Cadmium, Chromium, Copper, Lead, and Mercury, as well as radiologicals such as Radon 222.

Unpleasant Tastes and Odors: Metallic, Chemical, Medicinal.

Microbiological Gen III Bacteriostatic Filter is tested

> 99.99999 E-Coli

> 99.99 Giardia, Cryptosporidium

Survival Filters maintain bacteriostasis and prevent mitosis or colonization of microbes within the filter.

Long Lasting

640 refills/100 Gallons for the removal of Microbiological Contaminants, Chlorine, Bad Taste and Odors.

100 refills/20 gallons for the removal of all contaminants.

Easy to Use

Remove lid and drop-in filter, fill the bottle with water, replace filter and lid tightly, pop up the drinking spout, tip up the bottle and sip while squeezing the bottle. Do not use with Sea or Ocean salt water.

Nalgene Bottle

Translucent Blue Water Bottle by Nalgene is

- Durable and Impact Resistant
- Odor Resistant
- Dishwasher safe (top rack)
