

# CLEARBROOK

## Sport Water Filter Bottle

High Flow Municipal Water Filter for Everyday Life

*Drink Fearlessly!*

The 24oz. Clearbrook Sport Water Filter Bottle features an IONIC adsorption micro filtration system capable of 99.9% reduction of chlorine, taste and odor, as well as lead and other heavy metals.

**Unpleasant Tastes and Odors:** Metallic, Chemical, Medicinal. Toxic

**Heavy Metals:** Aluminum, Cadmium, Chromium, Copper, Lead, and Mercury, as well as radiologicals such as Radon 222.

Clearbrook Survival Filters maintain bacteriostasis and prevent mitosis or the colonization of microbes within the filter, so you don't have to worry about mold or mildew.

### Long Lasting, Replaceable Filter

540 refills (100 Gallons) for the removal of Chlorine, Bad Taste and Odors, as well as lead and other heavy metals.

### Translucent Blue Bottle

The 24oz. translucent blue bottle is made of low-density polyethylene, is BPA-free, and will not leach chemicals into the water.

### Easy to Use

Remove lid, fill the bottle with water, replace lid tightly, open drinking spout and use as a straw while squeezing the bottle. Do not use with Sea or Ocean salt water.

### Uses

Home • Office • School • Exercising • Sporting Events
